## Chair's Message

The trustee company, Toowong Rowing Foundation Limited, was incorporated on 1 October 2020. On 21 November 2020, it executed a trust deed forming the Toowong Rowing Foundation. Consequently, I am pleased to provide you with our first annual report on the activities of the foundation for the period ended 30 June 2021.

Your board of directors has worked to nurture its relationship with the rowing club, its members and benefactors as we have sought to define our initial objectives. The foundation received \$107,717 in grants and donations from over 30 donors, a pleasing beginning. These funds are currently held in the foundation's bank account.

We are aware that the management committee of the rowing club is continuing its review of the club's constitution. As a matter of principle, we believe the foundation must be accountable to the members of the rowing club for the management of the trust funds we hold on its behalf. Yet, as a matter of trust law, as the beneficiary, the club cannot control the foundation.

We have proposed that it is in the club's best interests to properly define the role and qualifications of those elected to the positions of president and vice president in the club as they are eligible to become members of the foundation's trustee. The members determine the composition of its board of directors. We believe that they are best qualified to act as custodians of the foundation and propose that the importance of that responsibility should be reflected in the club's constitution.

The foundation has been registered for GST as its income has exceeded the threshold requiring registration. In addition, as a result of taxation and legal advice received, on 22 October 2021 the trustee executed a deed of variation of the trust deed to provide for the distribution of any taxable income to its beneficiary, the Toowong Rowing Club.

The company's constitution, the trust deed and the deed of variation are available on the foundation's website along with other information on the foundation. The foundation was seeded with a \$50,000 donation from Silvio Pradella, a past president of the rowing club. In a short video available on the foundation's home page, he speaks of the importance of the foundation to the rowing club.

We are conscious that the 2032 Olympic Games will present opportunities for sporting organisations in South East Queensland. Local and state governments are already planning to provide for the additional infrastructure that will be required. We shall seek to share in these opportunities.

Our objective is to utilise the skills, abilities and connections of our board members to create wealth and build the asset base of the foundation, in particular, to establish income producing assets for the long-term benefit of the rowing club. We are also seeking to recruit additional directors with appropriate skills and experience.

Finally, I would like to express my appreciation for the support of your directors, Andrew McLean Williams, Russell Kerrison and Peter Macgregor, and our secretary, Robert Gunningham; their wisdom and counsel is invaluable.

This financial report is a special purpose financial report prepared to satisfy the financial reporting requirements of the Trust Deed of the Toowong Rowing Foundation (the Foundation) Trust Deed dated the 21 November 2020 and the Deed of Variation dated 22 October 2021. In the opinion of those charged with governance, the Foundation is not a reporting entity since there are unlikely to exist users of the financial statements who are not able to command the preparation of reports tailored to satisfy all their information needs. The financial report has been prepared on an accruals basis and is based on historic costs and does not consider changing money values or, except where specifically stated, current valuations of non-current assets.

**Period**

The period of these financial statements is from the 21 November 2020 to the 30 June 2021.

**Material**

Information is material if omitting, misstating, or obscuring it could reasonably be expected to influence decisions that the primary users of financial statements make based on those financial statements, which provide financial information about a specific reporting entity.

**Revenue**

Revenue is recognised when it is probable that the economic benefit will flow to the Foundation and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable.

**Donations income**

Donations and bequest are recognised at the time the funds are deposited into a bank account.

**Grants income**

Grants income is recognised when it is received or when the right to receive payment is established.

"Earnings" means:

- (a) amounts which, by virtue of the definition of 'net income' in relation to a trust estate contained in section 95 of the ITAA (Income Tax Assessment Act) 1936, comprise the net income of the trust estate evidenced by this Deed other than notional amounts and amounts ("Excluded Amounts") determined by the Trustee not to be treated as Income; and
- (b) amounts ("included Amounts") which the Trustee has determined to be Income which but for that determination would not be included in Income including any notional amount or other amount; and Excluded Amounts and Included Amounts may be positive or negative and may, amongst other things, be due to differences of timing or permanent or other differences including:
  - (i) amounts that are assessable under the ITAA which are not income for accounting purposes.
  - (ii) amounts that are not assessable under the ITAA which are income for accounting purposes.
  - (iii) amounts that are allowable deductions under the ITAA which are not an expense for accounting purposes.
  - (iv) amounts that are not deductible under the ITAA, but which are expenses for accounting purposes; or
  - (v) such other differences or adjustments as the Trustee determines; provided that, unless the Trustee determines a different amount of Income which involves an Excluded Amount or an Excluded Amount, income shall be 'net income' determined under section 95 of the ITAA 1936 excluding notional amounts.

**Goods and Services Tax ('GST') and other similar taxes**

Revenues, expenses, and assets are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the tax authority. In this case it is recognised as part of the cost of the acquisition of the asset or as part of the expense.
